# **Safety Data Sheet**

# **Amitriptyline hydrochloride**

Version: V2.0.0.1

Report No.: BWJ5437-2016-MSDS-US

Creation Date: 2025/09/26

Revision Date: -

#### \*Prepared according to American OSHA HCS-2024 (29 CFR 1910.1200)

#### | Product identifier

Product Name	Amitriptyline hydrochloride
Cat No.	BWJ5437-2016
CAS No.	549-18-8
EC No.	208-964-6
Molecular Formula	C20H23N·HCI

### Recommended use of the product and restrictions on use

Relevant identified uses	Please consult manufacturer.
Uses advised against	Please consult manufacturer.

### Details of the supplier of the Safety Data Sheet

Name of the company	Weiyel Inc
Address of the company	Hedian Light Industrial Park, Chengguan Town, Shangcheng County, Xinyang
	City, Henan Province, China
Post code	465350
Telephone number	010-58103678
Fax number	010-84840368
E-mail address	info@weiyel.com

### | Emergency phone number

Emergency phone number	010-58103678

# 2 Hazard(s) identification

### Hazard classification according to 29 CFR 1910.1200

Acute Toxicity - Oral	Category 3
Skin Corrosion/Irritation	Category 2
Sensitization - skin	Category 1
Serious eye damage/irritation	Category 2
Sensitization - respiratory	Category 1
Specific target organ toxicity -	Category 1
repeated exposure	

### | Label elements

Hazard pictograms	
Signal word	Danger

## Hazard statements

·	
H301	Toxic if swallowed
H315	Causes skin irritation
H317	May cause an allergic skin reaction
H319	Causes serious eye irritation
H334	May cause allergy or asthma symptoms or breathing difficulties if inhaled
H372	Causes damage to organs through prolonged or repeated exposure

Version: V2.0.0.1 Revision Date: -

# | Precautionary statements

## Prevention

P260	Do not breathe dust/fume.
P264	Wash hands and other parts of the body (if related) thoroughly after handling.
P270	Do not eat, drink or smoke when using this product.
P272	Contaminated work clothing should not be allowed out of the workplace.
P280	Wear protective gloves/protective clothing/eye protection/face protection/hearing protection.
P284	In case of inadequate ventilation wear respiratory protection.
A D	

### ◆ Response

P321	Specific treatment (see related instructions on the label).
P330	Rinse mouth.
P302+P352	IF ON SKIN: Wash with plenty of water.
P304+P340	IF INHALED: Remove person to fresh air and keep comfortable for breathing.
P362+P364	Take off contaminated clothing and wash it before reuse.
P305+P351+P338	IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.
	Torross, in process, and each to do. Commission.

## Storage

## Disposal

P501	Dispose of contents/container in accordance with local/regional/national/
	international regulations.

## Other hazards

Not applicable.

# | Hazard description

Physical and chemical hazards

		No information available
<ul><li>Health hazards</li></ul>		
	Inhaled	Inhalation of dusts or fumes may cause allergy or asthma symptoms or breathing difficulties if inhaled.

Ingestion	Toxic effects may result from the accidental ingestion of the product.	
Skin Contact	The product may cause an allergic skin reaction following direct contact with the	
	skin. The product can cause skin irritation following direct contact with the skin.	
Eye	This product may cause serious eye irritation. Severe inflammation may be	
	expected with pain following direct contact with the eye.	
<ul> <li>Environmental hazards</li> </ul>		
	Please refer to 12th chapter of SDS.	

Version: V2.0.0.1 Revision Date: -

# 3 Composition/information on ingredients

### | Substance/mixture

Substance

Component	CAS No.	EC No.	Concentration (wt, %)
Amitriptyline hydrochloride	549-18-8	208-964-6	99.3

# 4 First-aid measures

### Description of first aid measures

General advice	Immediate medical attention is required. Show this safety data sheet (SDS) to the doctor in attendance.
Eye contact	Rinse thoroughly with plenty of water for at least 15 minutes and consult a physician if feel uncomfortable.
Skin contact	Take off contaminated clothing and shoes immediately. Wash off with plenty of soap and water for at least 15 minutes and consult a physician if feel uncomfortable.
Ingestion	Never give anything by mouth to an unconscious person. Call a physician or Poison Control Center immediately.
Inhalation	Move victim into fresh air. If breathing is difficult, give oxygen. Do not use mouth to mouth resuscitation if victim ingested or inhaled the substance. If not breathing, give artificial respiration and consult a physician immediately.
Protecting of first-aiders	Ensure that medical personnel are aware of the substance involved. Take precautions to protect themselves and prevent spread of contamination.

### Most important symptoms/effects, acute and delayed

Substance accumulation, in the human body, may occur and may cause some concern following repeated or long-term occupational exposure.

### Indication of any immediate medical attention and special treatment needed

- 1 Treat symptomatically.
- 2 Symptoms may be delayed.
- Fire-fighting measures

### Extinguishing media

Suitable extinguishing media	Small fire: dry chemical, CO <sub>2</sub> or water spray; Large fire: dry chemical, CO <sub>2</sub> , alcohol-resistant foam or water spray; Fire involving tanks, rail tank cars or highway tanks: Fight fire from maximum distance or use unmanned master
	stream devices or monitor nozzles. Cool containers with flooding quantities of water until well after fire is out. Do not get water inside containers.

Amit	riptyline hydrochloride	Version: V2.0.0.1 Revision Date: -	
Unsu	itable extinguishing media	No information available.	
S <sub> </sub>	pecific hazards arising fro	m the substance or mixture	
1	May emit poisonous fumes or	n fire.	
2	Development of hazardous combustion gases or vapor possible in the event of fire.		
3	May expansion or decompose	e explosively when heated or involved in fire.	
Spe	ecial protective equipment	and precautions for fire-fighters	
1	As in any fire, wear self-conta protective gear.	ined breathing apparatus (MSHA/NIOSH approved or equivalent) and full	
2	Fight fire from a safe distance	e, with adequate cover.	
3	Prevent fire extinguishing wat	er from contaminating surface water or the ground water system.	
6	Accidental release me	easures	
Per	sonal precautions, protec	ive equipment and emergency procedures	
1	Fully encapsulating, vapor pro	otective clothing should be worn for spills and leaks with no fire.	
2	Do not touch or walk through	spilled material.	
3	Do not touch damaged conta	ners or spilled material unless wearing appropriate protective clothing.	
4	Ensure adequate ventilation. Remove all sources of ignition. Take precautionary measures against static discharges.		
5	Evacuate personnel to safe a	reas. Keep people away from and upwind of spill/leak.	
6	Use personal protective equip	ment,do not breathe dust/fume.	
En۱	rironmental precautions		
Env	vironmental precautions  Prevent further leakage or sp	illage if safe to do so.

## Conditions for safe storage, including any incompatibilities

- 1 Keep containers tightly closed.
- 2 Keep containers in a dry, cool and well-ventilated place.
- 3 Keep away from heat/sparks/open flames/hot surfaces.

# 8 Exposure controls/personal protection

### **Control parameters**

◆ Occupational exposure limit values

Occupational	Exposure	limit
	Vá	alues

No relevant regulations

## **Engineering controls**

- 1 Ensure adequate ventilation, especially in confined areas.
- 2 Ensure that eyewash stations and safety showers are close to the workstation location.
- 3 Use explosion-proof electrical/ventilating/lighting/equipment.
- 4 Set up emergency exit and necessary risk-elimination area.

### | Personal protection equipment

•	
General requirement	
Eye protection	Must wear appropriate safety goggles.
Hand protection	Must wear appropriate chemical protective gloves.
Respiratory protection	Must wear appropriate personal respiratory protective equipment.
Skin and body protection	Must wear appropriate chemical protective clothing and chemical resistant shoes.

# Physical and chemical properties and safety characteristics

#### Physical and chemical properties

r Hydroar aria drieniscar proportiod		
Appearance (physical state,	white, solid	
color, etc.)		
Odor	No information available	
Odor threshold	No information available

# 10 Stability and reactivity

# | Stability and reactivity

Reactivity	Contact with incompatible substances can cause decomposition or other chemical reactions.
Chemical stability	Stable under proper operation and storage conditions.
Possibility of hazardous reactions	No information available.
Conditions to avoid	Incompatible materials, heat, flame and spark.
Incompatible materials	No information available.
Hazardous decomposition products	Under normal conditions of storage and use, hazardous decomposition products should not be produced.

# 11 Toxicological information

# Acute toxicity

Component	LD <sub>50</sub> (oral)	LD <sub>50</sub> (dermal)	LC <sub>50</sub> (inhalation,4h)		
Amitriptyline hydrochloride	240mg/kg(Rat)	No information available	No information available		

# Carcinogenicity

Component	List of carcinogens by the IARC Monographs	Report on Carcinogens by NTP	OSHA Carcinogen List
Amitriptyline hydrochloride	Not Listed	Not Listed	Not Listed

## Others

Amitriptyline hydrochloride(Component)					
Skin corrosion/irritation	Causes skin irritation(Category 2)				
Serious eye damage/irritation	Causes serious eye irritation(Category 2)				
Skin sensitization	May cause an allergic skin reaction(Category 1)				
Respiratory sensitization	May cause allergy or asthma symptoms or breathing difficulties if inhaled(Category 1)				
Reproductive toxicity	Based on available data, the classification criteria are not met				
STOT-repeated exposure	Causes damage to organs through prolonged or repeated exposure(Category 1)				
Aspiration hazard	Based on available data, the classification criteria are not met				
Germ cell mutagenicity	Based on available data, the classification criteria are not met				

# 12 Ecological information

# Acute aquatic toxicity

Version: V2.0.0.1 Revision Date: -

# 13 Disposal considerations

## Disposal considerations

Waste chemicals	Before disposal should refer to the relevant national and local laws and regulation. Recommend the use of incineration disposal.
Contaminated packaging	Containers may still present chemical hazard when empty. Keep away from hot and ignition source of fire. Return to supplier for recycling if possible.
Disposal recommendations	Refer to section waste chemicals and contaminated packaging.

# 14 Transport information

### Label and Mark

**Transporting Label** 

### IMDG-CODE

UN number	2811
UN proper shipping name	TOXIC SOLID, ORGANIC, N.O.S.
Transport hazard class	6.1
Transport subsidiary hazard	None
class	
Packing group	ш
Marine pollutant ( Yes or no )	No

## IATA-DGR

UN number	2811
UN proper shipping name	TOXIC SOLID, ORGANIC, N.O.S.
Transport hazard class	6.1
Transport subsidiary hazard	None
class	
Packing group	ш

#### **UN-ADR**

UN number	2811
UN proper shipping name	TOXIC SOLID, ORGANIC, N.O.S.
Transport hazard class	6.1
Transport subsidiary hazard	None

Packing group	ш

#### Transport in bulk according to IMO instruments

◆ Transport in bulk according to Annex II of MARPOL and the IBC code

Not Available

◆ Transport in bulk in accordance with MARPOL Annex V and the IMSBC Code

Not Available

◆ Transport in bulk in accordance with the IGC Code

Not Available

#### Others

**Precautions for transport** 

Transit should be anti-exposure, rain, high temperature. Strictly prohibited shipping or transportation with acids, alkalis, oxidants, food and food additives etc. Transport vehicles should be equipped with the appropriate variety and quantity of fire equipment and emergency equipment leakage during transport. Before transport, should be preceded by checking whether container integrity, sealing. The transport unit must be placarded and marked in accordance with relevant transporting requirements.
