

Safety Data Sheet

Polypropylene Melt Flow Rate

Version : V2.0.0.1

Report No. : BWZ7562-2016-MSDS-US

Creation Date : 2025/10/21

Revision Date : -

*Prepared according to American OSHA HCS-2024 (29 CFR 1910.1200)

1 Identification

Product identifier

Product Name	Polypropylene Melt Flow Rate
Cat No.	BWZ7562-2016
CAS No.	9003-07-0
EC No.	618-352-4
Molecular Formula	(C3H6)x

Recommended use of the product and restrictions on use

Relevant identified uses	Please consult manufacturer.
Uses advised against	Please consult manufacturer.

Details of the supplier of the Safety Data Sheet

Name of the company	Weiyel Inc
Address of the company	Hedian Light Industrial Park, Chengguan Town, Shangcheng County, Xinyang City, Henan Province, China
Post code	465350
Telephone number	010-58103678
Fax number	010-84840368
E-mail address	info@weiyel.com

Emergency phone number

Emergency phone number	010-58103678
------------------------	--------------

2 Hazard(s) identification

Hazard classification according to 29 CFR 1910.1200

According to OSHA HCS-2024, not classified as a hazardous chemical.

Label elements

Hazard pictograms	Not applicable
Signal word	Not applicable

Hazard statements

Hazard statements	Not applicable
-------------------	----------------

Precautionary statements

- ◆ Prevention

Prevention	Not applicable
◆ Response	
Response	Not applicable
◆ Storage	
Storage	Not applicable
◆ Disposal	
Disposal	Not applicable

3 Other hazards

	Not applicable.
--	-----------------

4 Hazard description

◆ Physical and chemical hazards	No information available
---------------------------------	--------------------------

◆ Health hazards	
Inhaled	Inhalation of the product may produce adverse health effects or irritation of the respiratory tract following discomfort.
Ingestion	Accidental ingestion of the product may be harmful to the health of the individual.
Skin Contact	Entry into the blood-stream, through, for example, cuts, abrasions or lesions, may produce systemic injury with harmful effects.
Eye	This product may cause temporary discomfort following direct contact with the eye.

◆ Environmental hazards	Please refer to 12th chapter of SDS.
-------------------------	--------------------------------------

3 Composition/information on ingredients

Substance/mixture	Substance
-------------------	-----------

Component	CAS No.	EC No.	Concentration (wt, %)
1-Propene, homopolymer	9003-07-0	618-352-4	100

4 First-aid measures

1 Description of first aid measures

General advice	Immediate medical attention is required. Show this safety data sheet (SDS) to the doctor in attendance.
Eye contact	Rinse thoroughly with plenty of water for at least 15 minutes and consult a physician if feel uncomfortable.
Skin contact	Take off contaminated clothing and shoes immediately. Wash off with plenty of soap and water for at least 15 minutes and consult a physician if feel uncomfortable.
Ingestion	Never give anything by mouth to an unconscious person. Call a physician or Poison Control Center immediately.
Inhalation	Move victim into fresh air. If breathing is difficult, give oxygen. Do not use mouth to mouth resuscitation if victim ingested or inhaled the substance. If not breathing, give artificial respiration and consult a physician immediately.

Protecting of first-aiders		Ensure that medical personnel are aware of the substance involved. Take precautions to protect themselves and prevent spread of contamination.		
 Most important symptoms/effects, acute and delayed				
1	Substance accumulation, in the human body, may occur and may cause some concern following repeated or long-term occupational exposure.			
 Indication of any immediate medical attention and special treatment needed				
1	Treat symptomatically.			
2	Symptoms may be delayed.			
5 Fire-fighting measures				
 Extinguishing media				
Suitable extinguishing media		Use extinguishing media suitable for surrounding area.		
Unsuitable extinguishing media		There is no restriction on the type of extinguisher which may be used.		
 Specific hazards arising from the substance or mixture				
1	Development of hazardous combustion gases or vapor possible in the event of fire.			
2	May expand or decompose explosively when heated or involved in fire.			
 Special protective equipment and precautions for fire-fighters				
1	As in any fire, wear self-contained breathing apparatus (MSHA/NIOSH approved or equivalent) and full protective gear.			
2	Fight fire from a safe distance, with adequate cover.			
3	Prevent fire extinguishing water from contaminating surface water or the ground water system.			
6 Accidental release measures				
 Personal precautions, protective equipment and emergency procedures				
1	Ensure adequate ventilation. Remove all sources of ignition. Take precautionary measures against static discharges.			
2	Evacuate personnel to safe areas. Keep people away from and upwind of spill/leak.			
3	Use personal protective equipment, do not breathe dust/fume.			
 Environmental precautions				
1	Prevent further leakage or spillage if safe to do so.			
2	Discharge into the environment must be avoided.			
 Methods and materials for containment and cleaning up				
1	Cut off the source of the leak as much as possible.			
2	Keep leaks in a ventilated place.			
3	Isolation of contaminated areas and restrictions on access.			
4	It is recommended that emergency personnel wear dust masks.			
5	Collect the spill with a clean shovel and place it in a clean, dry, loosely closed container and move the container away from the leak.			
6	Adhered or collected material should be promptly disposed of, in accordance with appropriate laws and regulations.			

7 Handling and storage

Precautions for safe handling

- 1 Handling is performed in a well ventilated place.
- 2 Wear suitable protective equipment.
- 3 Avoid contact with skin and eyes.
- 4 Keep away from heat/sparks/open flames/ hot surfaces.

Conditions for safe storage, including any incompatibilities

- 1 Keep containers tightly closed.
- 2 Keep containers in a dry, cool and well-ventilated place.
- 3 Keep away from heat/sparks/open flames/hot surfaces.
- 4 Store away from incompatible materials and foodstuff containers.

8 Exposure controls/personal protection

Control parameters

◆ Occupational exposure limit values

Occupational Exposure limit values	No relevant regulations
------------------------------------	-------------------------

Engineering controls

- 1 Ensure adequate ventilation, especially in confined areas.
- 2 Ensure that eyewash stations and safety showers are close to the workstation location.
- 3 Use explosion-proof electrical/ventilating/lighting/equipment.
- 4 Set up emergency exit and necessary risk-elimination area.

Personal protection equipment

General requirement	No special requirements, please see the description below.
Eye protection	In general situation, eye protection is not needed. In the production process, when contacting with vapour or dust, tightly fitting safety goggles.
Hand protection	In general situation, hand protection is not needed.
Respiratory protection	In general situation, respiratory protection is not needed. If exposure limits are exceeded or if irritation or other symptoms are experienced, wear dust proof mask or gas defence mask.
Skin and body protection	In general situation, skin and body protection are not needed.

9 Physical and chemical properties and safety characteristics

Physical and chemical properties

Appearance (physical state, color, etc.)	white, solid
Odor	No information available
Odor threshold	No information available
pH	No information available
Melting point/freezing point(°C)	No information available
Initial boiling point and boiling range(°C)	No information available

Flash point(Closed cup, °C)	350
Evaporation rate	Not applicable
Flammability	No information available
Upper/lower explosive limits[%(v/v)]	Upper limit : No information available ; Lower limit : No information available
Vapor pressure	Not applicable
Vapor density(Air = 1)	Not applicable
Relative density(Water=1)	No information available
Solubility	Insoluble in water
n-octanol/water partition coefficient	No information available
Auto-ignition temperature(°C)	No information available
Decomposition temperature(°C)	300
Kinematic viscosity	Not applicable

10 Stability and reactivity

Stability and reactivity

Reactivity	Contact with incompatible substances can cause decomposition or other chemical reactions.
Chemical stability	Stable under proper operation and storage conditions.
Possibility of hazardous reactions	No information available.
Conditions to avoid	Incompatible materials, heat, flame and spark.
Incompatible materials	No information available.
Hazardous decomposition products	Under normal conditions of storage and use, hazardous decomposition products should not be produced.

11 Toxicological information

Acute toxicity

Acute toxicity	No information available
----------------	--------------------------

Carcinogenicity

Component	List of carcinogens by the IARC Monographs	Report on Carcinogens by NTP	OSHA Carcinogen List
1-Propene, homopolymer	Category 3	Not Listed	Not Listed

Others

1-Propene, homopolymer(Component)

Skin corrosion/irritation	Based on available data, the classification criteria are not met
Serious eye damage/irritation	Based on available data, the classification criteria are not met
Skin sensitization	Based on available data, the classification criteria are not met
Respiratory sensitization	Based on available data, the classification criteria are not met
Reproductive toxicity	Based on available data, the classification criteria are not met
STOT-repeated exposure	Based on available data, the classification criteria are not met

Aspiration hazard	Based on available data, the classification criteria are not met
Germ cell mutagenicity	Based on available data, the classification criteria are not met

12 Ecological information

Acute aquatic toxicity

Acute aquatic toxicity	No information available
------------------------	--------------------------

Chronic aquatic toxicity

Chronic aquatic toxicity	No information available
--------------------------	--------------------------

Persistence and degradability

Component	Persistence (water/soil)	Persistence (air)
1-Propene, homopolymer	Low	Low

Bioaccumulative potential

Component	Bioaccumulative potential	Comments
1-Propene, homopolymer	Low	Log Kow=1.6783

Mobility in soil

Component	log Koc	Remark
1-Propene, homopolymer	1.375	

13 Disposal considerations

Disposal considerations

Waste chemicals	Before disposal should refer to the relevant national and local laws and regulation. Recommend the use of incineration disposal.
Contaminated packaging	Containers may still present chemical hazard when empty. Keep away from hot and ignition source of fire. Return to supplier for recycling if possible.
Disposal recommendations	Refer to section waste chemicals and contaminated packaging.

14 Transport information

Label and Mark

Transporting Label	Not applicable
--------------------	----------------

IMDG-CODE

IMDG-CODE	NOT REGULATED FOR TRANSPORT OF DANGEROUS GOODS
-----------	--

IATA-DGR

IATA-DGR	NOT REGULATED FOR TRANSPORT OF DANGEROUS GOODS
----------	--

UN-ADR

UN-ADR	NOT REGULATED FOR TRANSPORT OF DANGEROUS GOODS
--------	--

Transport in bulk according to IMO instruments

◆ Transport in bulk according to Annex II of MARPOL and the IBC code

Not Available

◆ Transport in bulk in accordance with MARPOL Annex V and the IMSBC Code

Not Available

◆ Transport in bulk in accordance with the IGC Code

Not Available

Others

Precautions for transport	Transport vehicles should be equipped with the appropriate variety and quantity of fire equipment and emergency equipment leakage during transport. Before transport, should be preceded by checking whether container integrity, sealing. The transport unit must be placarded and marked in accordance with relevant transporting requirements.
---------------------------	---

15 Regulatory information

International chemical inventory

Disclaimer

This Safety Data Sheet (SDS) was prepared according to OSHA HCS-2024. The data included was derived from international authoritative database and provided by the enterprise. Other information was based on the present state of our knowledge. We try to ensure the correctness of all information. However, due to the diversity of information sources and the limitations of our knowledge, this document is only for user's reference. Users should make their independent judgment of suitability of this information for their particular purposes. We do not assume responsibility for loss, damage or expense arising out of or in any way connected with the handling, storage, use or disposal of the product.
